

# FGC-Series

## Economy Digital Force Gauge

FGC Economy Digital Force Gauges by Starr Instruments offer users maximum functionality without the cost.

The little brother to our popular FGD-series; these Force Gauges still offer multiple testing modes, data logging and high accuracy in a compact, yet rugged metal body.

### FEATURES:

- Accuracy:  $\pm 0.3\%$  of Full Scale
- Ergonomic, durable, heavy-duty metal construction
- Reversible display
- Selectable Units: N, kgf, lbf, ozf and/or gf
- Alarm output function
- USB and RS232 data output

Standard delivery kit includes gauge, 6 attachments, USB charger/data cable, software, user manual and calibration certificate.

Available in two capacities:

MODEL	CAPACITY	RESOLUTION
FGC-500	500N (50Kg/f)	0.1N (0.01Kg/f)
FGC-1000	1000N (100Kg/f)	1N (0.1Kg/f)
